How to use this contract in COMMBUYS

Contract Structure

There are currently 43 vendors on this contract and each vendor has been assigned a unique Master Blanket Purchase Order (MBPO). Vendor price lists are located in the attachments tab on each Master Blanket Purchase Order. This contract has been set up as a Distributor Model MBPO for quotes and a Single Vendor MBPO in COMMBUYS.

On the Distributor Model MBPO, there is one general category line item for all vendors, for the full range of Public Safety Equipment, Supplies, Services and Repairs offered. Pricing can be obtained directly from the vendor based on the equipment, part and service and entered into this general category line item for ordering. On the Single Vendor MBPO, each vendor has a zero line item catalog.

Each vendor has any or all of the following five (5) catalog lines available depending on the vendors awarded category:

Cat #	Category Name
1	Fire Equipment & Supplies
2	EMS Equipment & Supplies
3	Police Equipment & Supplies
4	Marine Equipment & Supplies
5	Services & Repair

How to place an order using the Distributor Model MBPO

1. Start with a New Requisition, on the General Tab, Fill in all required information and **make sure** to check off the Solicitation Enabled check box.
2. Within the requisition, Click on the Items tab, click 'Search Items'; then click the plus sign next to Advanced Search to do an advanced search. Use FIR04 in the *Description* field; or enter the MBPO number in the *Contract / PO#* field, or in the *Item Description* field search "Public Safety Equipment, Supplies, Services and Repairs"
3. Once item is added to the requisition, COMMBUYS will bring you to the Items tab and have an error message saying that the line item needs to have a value greater than 0. Click on **Enter Info** under the **Catalog Price/ Unit Cost** and enter in the **estimated cost**. This can be hidden from the bid before sending it to the vendors.
4. Next click on the Distributor tab and select the vendors you want to solicit quotes from.
5. Attach your Statement of Work and any other pertinent documents in the Attachment tab, making sure to check the box that says Show to Vendor.
6. The Reminders tab can be used for internal reminders.

7. Review the Summary Tab, and then Submit for Approval.
8. Once Approved, the Requisition will turn into a bid ready for purchasing, once it is in this status, you will need to click Convert to Bid.
9. Once it is converted to a bid, you will go through the tabs and enter in the required information. On the Items tab you can delete the cost that was previously entered on the requisition so no estimated cost shows to the vendor, or if you leave the previously entered cost this will show to the vendor as an estimated cost.
10. Once everything is reviewed, it is then submitted for approval and sent to the vendors.
11. The vendors will then do a walk through as specified in the SOW and submit their response through COMMBUYS and the bid can then be awarded.

How to place an order using the Single Vendor MBPO

Once a quote is obtained and selected the ordering process is as follows:

1. Initiate a new requisition
2. Search for an item in the description (Use FIR04 or category list above for searching)
3. Select the vendor you will be placing an order with
4. Select the appropriate category catalog line item
5. Enter the unit price and total price
6. Attach the vendor quote
7. Submit for approval
